"BRCM Tailoring Unit" at a Glance

“The goal of education is not to increase the amount of knowledge but to create the possibilities for a child to invent and discover, to create men who are capable of doing new things.”

Jean Piaget

Sh. H.K. Chaudhary, Chairman,
BRCM Education Society

CHAIRMAN'S MESSAGE

I am delighted to know that 26th edition of “**Samagra Shiksha**” is going to be published and I want to dedicate this edition to entire team of BRCM Family who has been working hard for successfully completing and ensuring timely publication of each issue since from last six years. It gives me immense pleasure that, experienced and enthusiastic **Team BRCM** with the support of an ambitious management system, we are able to provide quality education from school education to higher education under the dynamic leadership of our team leaders of different institutions which are managed by BRCM Education Society. This magazine highlights the glimpses of social, cultural, academic, sports and other extracurricular activities, which were carried out during the last quarter in various Institutions.

I am very glad to learn that during this quarter, GDC Memorial College has achieved another milestone by successfully organizing “**International Conference on Advances in Basic Sciences-2019**” which has made all of us proud. Similarly, BRCM CET also successfully organized “**Haryana Science Olympiad -2018**” in January this year, which has become the regular and important event of the college. The motto, “**Transforming Values with Commitment**” is reflected by quality & diversified activities conducted in various institutions which are growing stronger day by day. I am happy to note that our **BRCM Skill Development Training Centre** is conducting wide variety of livelihood skill based training courses with the support of various Govt and Non Govt Agencies which has contributed a lot in uplifting the socio-economic status of the society around Bahal.

I, on behalf of entire Chaudhary Family and on behalf of entire BRCM Family express my sincere and deep sense of respect and pay my rich tribute to Late Shri Prahalad Rai Chaudhary ji of Bahal, who left for heavenly abode on 10th March 2019. His contribution for the development of Bahal and love & affection for BRCM is unforgettable.

At the end, I extend my sincere thanks to all the members of Editorial Board for putting their excellent team work effort in bringing out this issue of Magazine and I also convey my gratitude to all our parents, friends & well-wishers for showing their trust on our journey towards excellence in the field of education.

भावभीनी श्रृद्धान्जली – स्व. श्री प्रहलाद राय जी चौधरी

बहल के गाँधी जी कहलाए जाने वाले स्व. प्रहलाद राय चौधरी जी का जन्म सन् 1924 में पिता स्व. श्री जानकी दास चौधरी व माताजी स्व. फूला देवी के प्रांगण में बहल में हुआ था। इनके दादा जी का नाम गंगाराम जी था। प्रहलाद राय चौधरी जी आपने भाइयों सावरमल चौधरी व श्री सत्यनारायण चौधरी और बहन सीता जी में सबसे बड़े थे।

बहल से ही आठवी तक शिक्षा ग्रहण करके मात्र 18 वर्ष की आयु में अपने पिताजी के साथ व्यापार करने बांग्लादेश चले गए जहाँ आपने कपडे का व्यापार आरम्भ किया परंतु विश्वयुद्ध के दौरान जापान में हुई बमबारी के कारण वो बांग्लादेश से कलकत्ता आ गए जहाँ अस्वस्थ होने के कारण आपके पिताजी का देहावसान हो गया और प्रहलाद राय जी पुनः बहल वापस आ गए। बहल पहुचकर जीवन की जद्दोजहद को निभाते हुए भिवानी की एक टीआईटी मिल में कैशियर के पद पर दो वर्षों तक कार्य किया लेकिन उसमें आपका मन नही रुचा और उन्होंने बहल में ही एक हैण्डलूम की फैक्ट्री व एक आटा चक्की लगाकर एक खुशनुमा जीवन यापन किया।

स्व. श्री प्रहलाद राय जी चौधरी
(1924 – 2019)

सन् 1938 को प्रहलाद राय चौधरी जी की जीवन यात्रा में स्व. श्रीमती सरस्वती जी उनकी जीवन संगिनी बनकर आयी जिनसे इनको तीन पुत्र रत्न स्व. श्री मुरारी लाल चौधरी जी, स्व. श्री हरिराम जी व श्री कान्त जी एवं तीन पुत्रियों सुमित्रा जी, कौशल्या देवी जी व प्रेमलता जी को जन्म दिया जिनकी वंशबेल पोती पोतो के रूप में आनन्द चौधरी, मनोज चौधरी, सुनील चौधरी, कमल चौधरी, पूजा देवी, पिकी व सुमन जी के रूप में आज समाज को पोषित कर रहे हैं।

प्रहलाद राय चौधरी जी बहल समाज के लिए एक अमृत कलश के रूप में उभरकर सामने आए और आपने पर्यावरण व स्वाध्याय को अपना स्तम्भ बनाया और बहल को स्वच्छ व हराभरा रखने के लिए वृक्षारोपण करने का एक दृढ संकल्प लिया और हजारों की संख्या में बहल में वृक्ष लगाए। उनका मानना था कि बहल का कोई भी व्यक्ति बाजार से खरीद कर अनार व अमरुद ना खाए प्रत्येक घर में अनार व अमरुद का पेड़ अवश्य होना चाहिए। इन्होंने बहल में गोसाई मठ के सामने एक गोविन्द गिरी उद्यान का निर्माण भी कराया। आपकी अभिरुचि स्वाध्याय में भी बहुत अधिक थी समाज को प्रेरित करने के लिए अत्यधिक उत्कृष्ट पुस्तकों का चयन किया और हजारों पुस्तकों का अपने पुस्तकालय में संग्रह किया जिनका अध्ययन करके बहल के लोग लाभान्वित व प्रेरित हो रहे हैं।

प्रहलाद राय चौधरी का अपने भाइयों व परिवार के सदस्यों से, समाज के शुभचिंतकों से विशेष रूप से छोगमल चौधरी जी व हरिकृष्ण चौधरी से आपको विशेष लगाव रहा है। छोगमल जी के सूरत में रहने के बावजूद भी आप उनको पत्र व्यवहार के माध्यम से बहल की समस्त गतिविधियों से अवगत कराते रहते थे और उनसे जो भी दिशा निर्देश मिलता था उसको आप क्रियान्वित करते रहते थे। आपको जितना अधिक लगाव छोगमल चौधरी जी व हरिकृष्ण चौधरी जी से रहा है। उतना ही लगाव आपको बी. आर.सी.एम. स्कूल से भी रहा है। इसका यही परिणाम है कि बी.आर.सी.एम. पब्लिक स्कूल में चाहे छोटा या बड़ा कोई भी कार्यक्रम हुआ आपकी उपस्थिति अवश्य रही है। केवल इतना ही नहीं बी.आर.सी.एम. के छात्रों के मौलिक विकास के लिए अच्छी-अच्छी पुस्तकों का चयन कर बी.आर.सी.एम. पब्लिक स्कूल ज्ञानकंज के पुस्तकालय में भी जमा कराई।

आपकी छोगमल चौधरी जी के प्रति स्नेह और बी.आर.सी.एम संस्था के प्रति निष्ठा को देखकर ही बी.आर.एच.डी. चैरिटेबल ट्रस्ट ने आपको सम्मानित भी किया। समाज के उत्थान को लेकर आप हमेशा चिन्तित रहे। जिज्ञासु व्यक्तियों के सम्पर्क में रहकर इसकी चर्चाएँ भी करते रहते थे जिनमें डॉ. मानिकतला जी विशेष थे।

आपकी शुद्ध भावना व अनवरत प्रयास का ही परिणाम था कि 95 वर्ष की आयु होते हुए भी आपकी याददाश्त व स्वाध्याय के प्रति अभिरुचि तनिक भी कम न हो सकी और आपकी इन्द्रियाँ स्वस्थ रही। ऐसे निष्ठावान, समाजसेवी, शिक्षा प्रेमी, प्रकृति प्रेमी स्व. श्री प्रहलाद राय चौधरी जी 10 मार्च 2019 को हमारे बीच से चले गए। उनकी कमी हम सभी को जीवन पर्यन्त महसूस होती रहेगी और हम उनके दिखाए गए रास्ते पर हमेशा चलने का प्रयत्न करते रहेंगे।

श्री हरिकृष्ण चौधरी, समस्त चौधरी परिवार एवम् समस्त बी.आर.सी.एम परिवार की ओर से भावभीनी श्रृद्धान्जली।

संकलन कर्ता : अनुज त्यागी

NEED TO REVIVE INDIAN UNIVERSITY SPORTS - A REVIEW

- Dr. S.K. Sinha, Director, BRCM Education Society
Bahal, Distt.- Bhiwani, Haryana

The talent search program for different age group level has already been initiated by Govt. of India through its Sports Promotional Schemes (such as KHELO INDIA) under the Ministry of Sports which is being controlled and monitored by Govt. Agencies such as Sports Authority of India, but we should also look into the possibilities of talent search & training facilities at University level sports for reviving our university sports. On several occasions sports fraternity has stressed the importance of paying more attention on university sports, but neither the Sports Ministry nor the Higher Education Ministry has paid any attention to revive university sports. Demographically, the youth of India is major advantage over the other countries which can help India to be a strong nation in Sports. This is possible, if we focus on School as well as on University Sports. India is a country with more than 10,30,000 schools, more than 760 Universities, more than 38000 Colleges, 23 crores youth are in age of 10-18 year and almost 65% of total population (132 crores) is youth, but still we are not able to make a mark at Olympics as compared to other nations.

In the past, it was the universities of country that mostly fed the national teams with outstanding youth. In some cases, it was virtually the university teams that formed the national teams in some sports in the past. History also reveals that many World and Olympic Champions in the past and even at present are university Undergraduates and Graduates. The sports leading countries consider world Universiade as final stepping stone for Olympics. The Sports Statistics speaks that country like USA, Canada and China have 95%, 90% and 92% of Olympians in their Olympic Teams, who have participated in World Universiade before participating in Olympics. India is the only country where almost 0% of Olympians have participated in World Universiade before participation in Olympics.

The reasons why our Olympians do not participate in World Universiade:

- No opportunities for Players/Sportspersons for participation.
- Sports Organization in the country works in isolation.
- No National commitment in the Sports Organization of different level.
- Federation, State Sports Associations and Govt. & Non Govt. Sports Organization promote players for their own Organization and no commitment for the country.
- Very rarely Sports Organizations consider players as Nation's Wealth.

But what do we witness today? It's hard to find an undergraduate in national teams. What is the reason for the

deteriorating standards in the university sports? Why don't we experience the high standards in university sports that we use to experience three to four decades ago? Perhaps, at present, the unhealthy level of competitiveness to gain university admission has made students dull and monotonous. Since, from their ordinary level to advance level of academic pursuits, they are engaged in endless academic battles and competitiveness looking for better career opportunities. Most of them have tuned out to be mere machines, working up to maximum capacity to face the huge challenges in securing a placement in a university campus.

Even though the advance levels gain admission to the university, the undergraduate often find it hard to get out of that mentality. Most of them continue to remain bookworms, without any recreation and social life. The poor undergraduates should not be blamed for it because it is the mentality they have from their school life, preparing for "university admission battle" and battle for High Tech Professional Courses right from the Kindergarten level by their Parents. This has caused ten to eleven years stint at school as being trained like machines. As a result, they tend to remain as a machine even after entering the university. And this has become the vital area where we should focus on if we have to revive our university sports. Probably the fresh undergraduates could undergo some brain storming sessions and few specialized lectures to come out of this trauma and should be motivated to take up sports seriously during their stint in the college and university. Research tells us that social interaction takes place through the engagement in sport. The involvement in sport builds social capital which is transferable and contributes to other community projects. Youth in particular, pick up skills on sporting fields and the following attributes and carry them through life: Team spirit, discipline, leadership qualities, self-respect, understanding, unity, motivation, self-confidence, etc

Nevertheless, still there is enough room to develop university sports in a big way, if the authorities are genuinely interested in doing so. The Higher Education Ministry may be clueless in drafting a proposal to revive university sports but Ministry of Sports can play a major role in collaboration with the National Sports Federations and State Sports Associations to initiate a constructive programme to regain the lost glory of University Sports Competition for different sports and games. It is time to look into depth at the problems being faced for the deteriorating standard of university sports which may cause a sudden death of the university sports in future. Still one should be optimistic and look forward to find out that what can be done to revive the university sports.

The following are the main problems which are being faced at University Level Sports:

- 1.Participation in sports and dropouts due to social & economical pressure and associated health problems.
- 2.Gender differences in participation rate (less participation of girls).
- 3.Lack of sports infrastructure & facilities.
- 4.Lack of proper utilization of Sports Infrastructure.
- 5.Poor attendance on Field.
- 6.Lack of sports technical personnel for coaching & training.
- 7.Drop in the Standard of Competition in University Sports.
- 8.The attitude of the people towards sports in the country.
- 9.The Physical Education curriculum in Universities.
- 10.The Financial support available for college and university sports.

Reasons for poor participation at college and University level sports :-

- 1.Poor curriculum of PE at different level of school.
- 2.Lack of proper guidance at Secondary School Level.
- 3.Lack of quality PETs at Secondary and Sr. Secondary.
- 4.Poor strength of PE Teachers at school level.
- 5.Lack of time allotted for PE and Sports in University.
- 6.Lack of Infrastructure and proper Organization.
- 7.Poor method of teaching at school for PE & Sports.
- 8.Lack of Sport activities offered at school level.
- 9.Dominance of particular Sports over Physical Education activities at school level.

What Role to be played by Universities?

- 1.Development of Sports Culture in affiliated Colleges and Universities by ensuring organized access to sports facilities for the youth.
- 2.To standardize and create the basic infrastructure and facilities requirement for sports at colleges and Universities.
- 3.Good Governance structure and accountability at all level.
- 4.Financial support for sports persons for participating in World University Games.
- 5.Sports Scholarship for the Inter-University Medalists.
- 6.Conduct of Long Term Sports Coaching Camps prior to competitions.
- 7.Incentive Marks in University Exams & exemption of attendance during sport participation.
- 8.UGC should come forward to support University Sports in terms of Sports Infrastructure, Sports Scholarships, Financial assistance for training and participation in World University Games.
- 9.To establish minimum standards for, and to enhance availability of quality indigenous/imported sports goods for all Colleges and Universities.
- 10.To ensure availability of more sports staff (administrative, technical and coaching).
11. Availability of Sports Scientists and Sports Science

Centers in all Universities to support the sports persons.

In spite of all the drawbacks and lacunas, still there are plenty of talents in universities along with the resource persons to train them but some one has to take lead role to revive the lost enthusiasm and motivate the people to revive the university sports. Only we need proper planning and action with vision to search sports talents from schools, colleges and universities in the country. There again finance could be the biggest hurdle. Unlike during good old days the rural undergraduates would find it hard to indulge in sports owing to financial constrains. If each university could find their own principal sponsor, finances would not be a big problem. But in return, universities must make sure that their sponsors get adequate mileage. They should give enough display areas in order to protect the interest of the sponsor. Unlike other institutions, university could give big publicity and mileages to sponsors in order attract more finance and better sponsors. But the most important thing which matters here is that it should not be a donation given to government institution rather it should be mutually beneficial business association with better sports activities in a professional manner to attract better and big time sponsors.

Just as a university recruits quality lecturers, they should also identify potential sports and secure services of experienced coaches to sharpen the skills of undergraduates and for this, there should be considerable financial allocations. On the other hand, promotion of sports activities in the university system in an organized manner would also reduce student's unrest and unnecessary clashes among student groups for which some universities are notorious. If the undergraduates could sharpen their skills in the field of sports that would put them in better shape to their studies as well as, this will enable the young university youths to learn some of the games which can be taken up by them as lifelong sports to maintain their health and fitness. But all this is possible if something can be done at national level i.e. Ministry of Sports, National Sports Federations, Boards of Schools and University Grant Commission (UGC) should work in close coordination to create cohesive sports system starting from school to college and university.

Conclusion

As education is the right of youths, similarly sports and games should also be the right of youths at school and university. The University Sports Boards and Student Council of the University should take necessary initiatives for greater and active participation of all students in sports through a well planned sports program throughout the year without disturbing academic curriculum of the university. Under all the circumstances, improving the standard of university sports would be beneficial to undergraduate, the society as well as to the country's sports mileage. Hence, we must make every effort to concentrate on the university system to find tomorrow's sporting heroes.

Pride Moments

“If you believe in yourself and have dedication and pride - and never quit, you'll be a winner. The price of victory is high but so are the rewards.”

BRCM College of Engineering & Technology congratulates the achievers of the year 2019 and they are the Four final year students of CSE & Civil Engineering qualified the GATE-2019. Dhruv, Vivek Suthar, Akshay and Gaurav Saini scored 45.20, 32.9, 32.0 and 28.0 respectively in GATE-2019 and brought laurels to the College.

Research Activities

“Research is creating new knowledge”. Neil Armstrong this knowledge was interpret in publication by worthy Faculty members that follows:-

PAPER PUBLISHED

1.**Dr Arabinda Sharma**, Principal, presented a paper entitled **“Social media for branding of Higher Education Institutions in India- A case Study”** in National Conference on **“Social Networking - A Tool for Transition from Conventional to Contemporary Business Management”** organized by Dr. D. Y. Patil Institute of Management & Research, in association with Savitribai Phule University, Pune during 29th & 30th Jan, 2019.

2.**Dr. Vivek Kumar Asst. Prof in EE Dept.** published a paper entitled **“An Intelligent Wearable to Aid Speech Impaired People by Detection of Specific Hand Gestures Using Flex Sensors”** in International Conference on Scopus index (ICABS-2019 AIP Conference proceeding) at GDC Memorial College, Bahal during 7th to 9th February, 2019.

3.**Mr. Manoj Kumar Asst. Prof in ECE Dept.** published a paper entitled **“The Morphological Effect on Structural and Optical Properties of ZnO Nanostructure”** in International Conference on

“Scopus index (ICABS-2019 AIP Conference proceeding) at GDC Memorial College, Bahal during 7th to 9th February, 2019.

4.**Mr. Manoj Kumar Asst. Prof in ECE Dept.** published a paper entitled **“The Morphological Effect on Electrical and Electronics Properties of ZnO Nanostructure”** in International Conference on “Scopus index (ICABS-2019 AIP Conference proceeding) at GDC Memorial College, Bahal during 7th to 9th February, 2019.

5.**Mr. Priyajit Dash Asst. Prof in EE Dept.** published a paper entitled **“Design and Analysis of Elliptical Core Spiral Silica Photonic Crystal Fiber with improved optical characteristics”** in International Conference on “Scopus index (ICABS-2019 Springer Conference proceeding) at G.H.R.E& Management Pune on dated 1st to 2nd February, 2019.

6.**Dr. Jitendra Gaur, Asst. Prof in ASH Dept.** presented a paper titled **“Computation of Thermo dynamical parameters for Cu₄₇ Ti₃₄ Zr₁₁ Ni₈ Bulk metallic Class”** in an International Conference on Advance in Basic Science (ICABS 19) held in GDC Memorial College, Bahal during 7th to 9th February, 2019.

7.**Dr. Arabinda Sharma, Principal**, published a research paper entitled **“Statistical Analysis of Stock Prices of Selected Companies in Construction Industry”**, Advances In Management, Volume 12 (1), pp:43-52, ISSN: 2278-4551.

PAPER REVIEWED:-

Creativity requires input, and that's what research is. You're gathering material with which to build. Gene Luen Yang”

1.**Mr. Sunil Baloda Asst. Prof in ME Dept.** reviewed the paper (EGY-D-18-08299) entitled **“Study of flame propagation in external space under vented explosion conditions”** submitted to Energy the International Journal, published by Elsevier.

2.**Dr. Arabinda Sharma, Principal**, reviewed a research paper entitled **“Towards a Time and Cost Effective Approach to Water Quality Index Class Prediction”** for Journal of Hydrology, a SCI Journal, Published by Elsevier.

WORKSHOP/ CONNOISSEUR LECTURE ORGANIZED

Glimpse of the proceedings of the workshop on Hadoop

“Programs must be written for people to read, and only incidentally for machines to execute.”— Harold Abelson:

A One day workshop on “Hadoop” was organized by CSE department of BRCM CET which focused on the basic knowledge of the Big Data framework including HDFS, YARN, and Map Reduce. The workshop was headed by Mr. Mangal who provided perfect blend of theory and practical knowledge on emerging field of data science. The workshop was appreciated by the all students, as they were able to add new technology in their technical skill set.

Dr Jaiveer being felicitated after delivering his lecture

ME Deptt. organised an “INVITED TALK” by Dr. Jaiveer Rohilla, Research Professor, in Sunchon National University, South Korea, delivered on “Opportunities for higher education” and Research in Abroad on March 19, 2019. The target audience was students from all the departments and faculty members.

Workshop in progress

A Series of workshops under the banner of “Anant Rachna” organized by CSE Society. The motive of the workshop is to provide basic understanding of embedded system and Programming. In the month of March, workshop was going on the topics of “Java Script” and “C++”. These workshops are running on a regular basis (i.e. every Monday, Tuesday, Friday) and are for 1st, 2nd and 3rd year CSE students. and is coordinated by Mr. Sunil Kumar, Mr. Dhruv, Mr. Abhishek Kumar, Mr. Sumesh, Mr. Himanshu Sharma under the Guidance of Dr. Arabinda Sharma (Principal BRCMCET), Dr. Sudesh Jakhar (HOD CSE Dept.) and Mr. Praveen kantha (Convener CSES).

A snapshot after completion the workshop

With increasing penetration of open source embedded system in industries, it is required to provide necessary exposures to the students on this topic. At this very outset, Electrical Engineering Department organized a Two Day workshop on “Embedded system industrial automation using arduino” in association with NSIC, New Delhi during 12th & 13th March 2019. The expert has covered Arduino (first Open Source Embedded Platform) board Layout & Architecture, Programming fundamentals, Interfacing Sensors with Arduino. The workshop also comprised of hand on practices on real world project involving interfacing reading of physical values using LEDs, Speaker and environmental sensor.

Successful participants along with their certificates

Dr. Arabinda Sharma, HOD, Civil Engineering Department has coordinated a one-week Short Term Training Programme on “Problem Solving and Decision Making” organized by NITTR, Kolkata in ICT Mode (Online) from 31/12/18 to 04/01/19. The experts from NITTR Kolkata briefed the step by step process of problem solving including how to incorporate different factors for effective decision making, different conflict management styles, identification common management tools and their application for problem solving and decision making. After evaluation of post training assignment 28 faculty members were awarded with certificates.

DEPARTMENTAL ACTIVITIES

Participating Students in actions

Discussing ideas is a great way to enhance communicative skills, converting this thought in to action Dr. Jitender Gaur, HOD-ASH supervised a Group Discussion competition organized under the banner of BRCM club of Nobles on the topic “Reservation Shall be abolished from Indian Education System” on 15th January, 2019, for the B.Tech IInd semester Students in which Ms. Riddhi Kejriwal of CSE branch grabbed the 1st position led by , Mr. Neeraj of ME branch and Ms. Chetna of EE branch securing 2nd and 3rd positions followed by Mr. Nishant of EE branch making up to the consolation prize.

TRAINING & PLACEMENT ACTIVITIES

Learning experiences are like journeys. The journey starts where the learning is now, and ends when the learner is successful. The end of the journey doesn't know more, it's doing more. — Julie Dirksen.

For the upcoming Journey of their life students of BRCM Engineering College attended various Training & Placement activities through on and off Campus drives, such as:- Training and Placement Cell shortlisted five students for nominating them for summer training at NJIT, Newark. However, after evaluating the all requirements, Mr Shivansh Gupta & Hardik Jhambh of CSE 3rd year were finally selected by Mr. Clayton Moses who has taken a telephonic interview of the students on 31st Jan 2019.

Students at successful completion of Workshop

Training and Placement Cell organised workshop on Networking with the help of Networks Bulls Pvt. Ltd. Gurugram on 28th Feb 2019. The workshop spread hypothetical and functional preparing on Routing and Switching, Security and Voice track certifications which are offered by Cisco Systems. Forty students from CSE department attended the workshop.

Computer numerically controlled (CNC) machine is central to precise and automated manufacturing. Vertical machining centers are a vital part of a CNC machine. Realizing the need of the hour, Mechanical Engineering Department in association with NSIC, New Delhi organized a Two days workshop on “CNC Lathe and VMC Programming” during March 12-13, 2019. The expert from NSIC has shared the concept of some commonly used jobs such as machining centers, boring, drilling, grinding, polishing, bending, folding, straightening, flattening, and punching. The workshop was highly interactive with doubt clearing session. The workshop will certainly be a stepping stone for ME students to get a chance in Indian machine tools industry.

Session on Java programming

T & P Cell organized a workshop on “Linux and Java” in technical collaboration with National Small Industries corporation (NSIC), an ISO 9001-2015 certified Government of India Enterprise under Ministry of Micro, Small and Medium Enterprises (MSME) on 12th & 13th March 2019. The workshop was attended by CSE students of 4th and 6th semester along with staff members of the Department. The expert from NSIC covered various topics of core and advanced java such as java applets and java beans on the day one. On second day, he covered various Linux commands for server administrations through hand on practices. In a nut shell, the workshop will help the students in honing their expertise in providing secured IT solutions to different industries.

SPORTS ACTIVITIES

A Group Photo of winners with Teachers

“We're gracious and we're humble, and we play the game a certain way, whether we win or lose.” Megan Rapinoe:-

BRCMCET teams (Boys) comprised of 21 students marked their presence in All India Invitational Sports Meet (MST-2019) held at MNIT, Jaipur from 21st to 23rd February, 2019, in various games such as Volleyball, Cricket, Football, Power Lifting, Weight Lifting, Body Building etc. About 1000 students of 35 engineering colleges participated in this sports meet. Students from BRCM CET played all the matches with

the spirit of the game. Karan Singh(CE-4th yr) won Gold Medal in Body Building, Rohit Kumar (CE-1st yr), Rahul Jaglan(CE-3rd yr), Ankit Yadav(CE-3rd yr) got Bronze Medal in Body Building, Pulok Pandit (CSE-3rd yr), Rohit Kumar (CE 4th yr) earned Bronze Medal in Weight Lifting, Karan Singh(CE-4th yr) got Silver Medal in Weight Lifting and Bronze Medal in Power Lifting. BRCM CET won overall runners Trophy in Body Building.

“No cricket team in the world depends on one or two players. The team always plays to win.” Virat Kohli:- Department of Games and Sports of BRCM CET organised a cricket Match between BRCM CET Staff Vs BRCM Student on 16-02-2019 at the Cricket Ground. Student group won the toss and batted first and gave the target of 82 runs in 10 overs. Staff team while chasing the target able to score only 66 runs and lost the match by 15 runs. BRCM Student group was the winner of the cricket match.

Chess Tournament on progress

“Life is not always like chess. Just because you have the king surrounded, don't think he is not capable of hurting you.” Ron Livingston:- Department of Games and Sports of BRCM CET organized a Chess tournament during 12-14 Feb.- 2019. In this tournament 28 students and 12 staff members participated. Among students, Amit (1st year-CSE) and Shruti Pritam (2nd Year-CSE) secured 1st and 2nd position respectively while among the staff Sh. Priyajit Dash and Dr. Vivek Kumar fetched 1st and -2nd positions respectively.

Participating Students with officials

The Department of Games and Sports of BRCM CET, Bahal organized a “Kabaddi” tournament during 11-03-2019 to 13-03-2019 in which total four teams participated and out of which three teams were from BRCM CET named as BRCM Spartan, BRCM Strikers, BRCM Hunters and one team was from BRCM Law College named as Law Group. The final match took place between BRCM Spartan and Law Group in which BRCM Spartan came out as winner with Law Group as Runner up. All the matches of the Tournament were played with great sports spirit and were enjoyed by all staff members and students.

CELEBRATIONS

Students performing a “Street Play”

“A Nation's Culture Resides In the Hearts and in the soul of its people” Mahatma Gandhi:-

BRCM CET celebrated 70th Republic Day – 26th January in the campus which included the proud moment of hoisting the National Flag, which was unfurled by Dr. Arabinda Sharma, Principal BRCM CET. Also Patriotic speeches were given and songs were sung by the staff & students and the event was concluded with National Anthem followed by distribution of sweets

PRIZE DISTRIBUTION CEREMONY OF HARYANA SCIENCE OLYMPIAD

“If you're a true warrior, competition doesn't scare you. It makes you better” :-Andrew Whitworth;

Second and last round of Haryana Science Olympiad – 2018 was directed on 18th January, 2019 as a major aspect of admission campaign for 2019-20. Seven hundred four (704) scholars from 94 schools of 10 unique zones from the District of Hissar, Bhiwani, Jind, Charkhi Dadri, Mohindergarh, Rohtak and so forth took part in the second phase of HSO-2018, which was comprising of two rounds

(i) Written trial of 30 MCQ and (ii) Audio Visual. Finally Prize Distribution Ceremony was graced by Dr. Jagbir Singh, Chairman Board of School Education Haryana as the Chief Guest and Prof. Sanjeev Kumar, Dean pharmacy Ch. Bansi Lal University Bhiwani as the Guest of Honor. The first prize grabbed by Mr. Lokesh from Vaish Model School, Bhiwani, second prize winner of the HSO- 2018 was granted with Rs. 11000/- (Eleven Thousand Rupees) and Medal. Women's Day Celebration

8th March, is considered as International Women's Day. This day brings many things for women – a cause for celebration, a reason to pause and re-evaluate a remembrance, an inspiration and a time to honor, loved and admired. To honor womanhood, the BRCM LAW College celebrated the International Women's Day on Thursday, 8th March, 2019 in the seminar hall. The Chief Guest for the day was **Ms. Shifa, CJM-cum- Secretary, District Legal Services Authority, Bhiwani.**

The celebration was organized in the honour of women all across the world. It is a global day celebrating the social, economic, cultural and political achievements of women. The day is also marked a call to action for accelerating gender parity. The objective behind the celebrating this grand day is to give respect to women and to create an atmosphere of unity, celebration, reflection, advocacy and action – whatever that looks like globally at a local level.

The Program was started with Saraswati Vandana and Lamp Lighting Ceremony. During the event, Dr. S.K. Sinha, Director, BRCM Education Society addressed and said that a woman can't achieve success without her family's support and she should maintain a balance between career and family. He also advocated that girls should know their rights to defend themselves and be careful against crimes against women. The Chief Guest, Ms. Shifa, edified solutions and said that there is a great need of women entrepreneurs in the society. Further, she said that multitasking is a special talent of a woman and they must use it for their career development.

The event was enthusiastically coordinated by Mrs. Suparna Sharma. Many students took part in the program by putting their views on this great occasion. A Skit depicting message of women's equality was presented by students. The prize distribution ceremony was held for the students who participated and achieved the positions in “Bhashan Pratiyogita”. The function was ended with vote of thanks and National Anthem.

Indian Penal Code provides for six types of punishments for offences therein. Life imprisonment is a sentence of imprisonment for a serious crime under which the convicted person is to remain in jail for the rest of his/her life. Life imprisonment was earlier known as transportation for life. There are in all fifty four sections in IPC which provides punishments with imprisonment for life. There is always a debate as to exact duration of imprisonment for life. This article purports to analyse the law in India relating to life imprisonment through study of various statutes and case laws prevalent in India.

AS PER STATUTORY LAW

Various statutes in India dealing with criminal Law have laid down provisions relating to life imprisonment. Some of the important provisions are as follows:

Indian Penal Code 1860

Section 55: Commutation of sentence of imprisonment for life

Section 55, IPC Provides that when sentence of imprisonment for life has been passed, the appropriate Govt. may without the consent of the prisoner commute the punishment for imprisonment of either description for a term not exceeding for fourteen years.

Section 57: Fractions of Terms of Punishment

Section 57, IPC provides that in calculating fractions of terms imprisonment, imprisonment for life shall be reckoned as equivalent to imprisonment for term 20 years.

Code of Criminal Procedure 1973

Under section 432 of the Code of criminal procedure, the appropriate Govt. has the power to remit the whole or any part of sentence to which the person is convicted. Under section 433 of the Code, the appropriate Govt. has the power to commute the sentence of imprisonment for life to imprisonment for a term not exceeding 14 years or to a fine. Section 433A was enacted to deny premature release before completion of 14 years of actual incarceration to such convicts who stand convicted of a capital offence.

Term of Imprisonment for Life in other Countries

United States of America:

In USA, life imprisonment generally continues till the prisoner dies. However in actually, a life sentence doesn't always mean "imprisonment for life". Once a period of 10 years or more is over, the convict can be set out on parole.

Germany:

The German law has fixed minimum time to be served for a sentence of life imprisonment, which is 15 years after which the prisoner can apply for parole.

Australia:

In Australia, Term of life imprisonment is usually 25 years.

Therefore, it can be observed that in most of the countries, duration of life imprisonment is indeterminate but after undergoing imprisonment for certain period, parole can be asked for.

JUDICIAL ACTIVISM

Many people misunderstand life imprisonment for 14 or 20 years. As the criminal laws in India didn't provide for fixed duration of life imprisonment, there was still a big confusion. Then the Indian judiciary took the responsibility to clear the air and in numerous cases which came before it, laid down the law regarding life term.

Gopal Vinayak Godse V/S State of Maharashtra and Others

In this case Constitutional Bench held that a sentence of transportation for life or imprisonment for life must, prima facie, be treated as transportation or imprisonment for the whole of the remaining period of the convicted person's natural life. It was further held that unless the said sentence is commuted or remitted by appropriate Govt. under the relevant provisions of the IPC or the Cr PC, a prisoner sentence to life imprisonment is bound in law to serve the life term in prison.

Kartik Biswas V/S Union of India

The Supreme Court made it clear that life imprisonment is not equivalent to imprisonment for 14 years or for 20 years elaborating the point further the apex court ruled that there is no provision either in IPC or in CrPC where by life imprisonment could be treated as 14 years or 20 years without there being formal remission by the appropriate Govt.

CONCLUSION:

Conclusion can be drawn from the above decisions is that life imprisonment is to be interpreted as being imprisonment for the whole of a convict's natural life within the scope of section 55 of the IPC. On a careful study of sections 55 and 57 of the IPC and sections 432,433 & 433A of the Cr PC, it can be clearly seen that a prisoner sentence to life imprisonment has to serve at least 14 years in prison.

BRCM PUBLIC SCHOOL VIDYAGRAM

Mr. Praveen Masta rejoins BRCM Public School Vidyagram as Principal on 01st April 2019

The School Principal Speaks...

I am elated to present this expression of my undaunted belief that I am back to BRCM family once again after a gap of 3 years as the attractancy of the place worked as a powerful magnet and brought me back to Bahal. I served this institution for 6 years which provided me ample opportunities to expand my working abilities beyond horizons. The working culture by which we work here follows the dictum of the quote by Sh HK Chaudhary (Chairman, BRCM Education Society) that “**Where a Team Works, Dream Works.**” For BRCM believes that it is only that a team with proper vision in mind can achieve the pinnacle of success which every institution reckons and aspires for.

Praveen Masta

The prime objective of **BRCM Public School Vidyagram** is to focus on discovering, developing and drawing out the hidden potential and the magic lying dormant inside all of its students. From academics to co-curricular activities, perseverance and a never-say-die attitude are entrenched in the heart of every student not only making them good students but brilliant human beings. In today's dynamic world, a 360 degree development and grooming is of supreme importance and through our campus, we create an inimitable environment for future leaders, entrepreneurs and professionals who possess skills and aptitudes in an array of functional disciplines.

I extend my sincere thanks to Chairman Sh HK Chaudhary Ji and Trustee Mr Anil Chaudhary who bestowed upon me with the responsibilities of this grand institution which have been rendering its nation building service for more than 3 decades. I also thank Dr SK Sinha, Director, BRCM Education Society who played a pivotal role in this reunion.

Welcome of delegates from Vikram Solar Pvt. Ltd. Kolkata

A Cultural Programme was organised by Vidyagram School on January 06, 2019 in the honour of Shri Gyanesh Chaudhary, Managing Director, along with the team of twenty delegates from Vikram Solar, Kolkata. The Chief Guest Dr. Sunder Singh explained the importance of this day and told the students about the constitution of India. The Headmaster also interpreted the motto of the celebration.

"Pariksha Pe Charcha with honourable PM Sh Narendra Modi ji"

It was another pride moment for Gyankunj that one of the student was selected for having a discussion on "Pariksha Pe Charcha" with honourable Prime Minister Sh. Narendra Modi. Master Yash Noonia is one of the 16 students who were selected through an online exam. Yash Noonia was interviewed and trained for the discussion which was conducted on 29th January 2019. It was telecast live on all the leading news channels.

"अगर पिता 50 का है और बेटा 14 का ,तो आवश्यकता है कि पिता 14 का बनकर उस बेटे को समझने की कोशिश करें"

—नरेंद्र मोदी
प्रधानमंत्री

“Aloha” - Farewell Party of Class XII

On 23rd February 2019, School organized “*Aloha*” farewell party for the XII Class Students. Class XI students hosted the party for their seniors to wish them a wonderful and bright future ahead. Dr. S. K. Sinha, Director, presided over the functions as the chief guest of the day and motivated the students to be the role model for their youngsters in their life. The Headmaster, Mr. Rajesh Jhajharia & Chief Coordinator, Mr. Sandeep Tandon also blessed the students with their motivational words.

The students celebrated the “*Aloha*” farewell by organizing various activities. A cultural programme was also organized to give the function, a memorable touch in which “**Master Jitender was selected Mr. Farewell & Miss. Muskan was selected Miss Farewell and Master Arvind was selected Mr. Gyankunj & Miss. Sameet was selected Miss. Gyankunj**”.

It was a day with mixed feeling for all the students of class XI and XII, who dressed up themselves to their best. They danced with joy and exchanged good wishes to one another. Class XII students gifted a Refrigerator and Four Mikes to school. Lunch was served to the staff members and the students at the end of the function.

RDNL VIDYA MANDIR

Republic Day

The most awaited patriotic day in the Indian Calendar is Republic Day. It is a day to pay a mark of respect to our freedom fighters. **70th Republic Day** was celebrated on 26th Jan 2019 in RDNL Vidya Mandir. Students expressed their patriotic views through mesmerizing cultural program. The Headmistress of the school also briefed about the constitution of India. It was a moment of proud for all Indians and entire RDNL family.

Special Assembly

Assemblies are an important feature of School's routine, which also form a significant part of the school's curriculum. It is a means to create a positive, reflective ethos and promote value – based education and it powerfully nurture the development of intrapersonal skill & intelligence.

At School various classes take on turns special Assemblies on a theme identified for the week. Various themes and important days are introduced to the students through special assemblies.

Special assembly motivates the students to master their public speaking skills and stage confidence. Performers get the chance to show their talents and rest of the students also get inspiration from them and enjoy the eye-catching scenes at the very start of the day. An amalgamation of various themes was presented by the students.

Farewell Party

RDNL Vidya Mandir organized Farewell Party “BON VOYAGE” on March 2nd, 2019 for the outgoing students with great enthusiasm. On this occasion, ramp walk and different games were also organized and gift were given to all students and a colourful cultural program was also presented by passing out students. Teachers of Gyankunj selected Master RDNL and Miss RDNL according their talent exhibited. At the end of the program Head Mistress wished good luck to the outgoing students and welcomed by the teachers of the Gyankunj for next academic session.

GK Quiz

In the era of cut throat competition, it is crucial for everyone to keep in touch with the present and be updated with the things and activities taking place around us. On 8th Feb 2019, Inter house GK quiz took place in which All the students of five houses took part in it. The winners were awarded and appreciated for their knowledge.

International Women's Day

International Women's Day was celebrated on 8th March 2019 in RDNL, commemorating the political, social and economic achievements of women. Parents and teachers together celebrated International Women's Day. Many fun games were organized like talent show, balance game etc. and many parents spoke about this day.

Birthday Celebration

A birthday is just the first day of another 365-days journey around the sun. Every last day of the month, the school celebrates the birthday in group. All birthday students cut the cake and enjoy together. Gifts and sweets are also distributed among the birthday students.

Graduation Ceremony

28th of March was a big day for the children of RDNL as they were graduating to the formal schooling. The Ceremony began with the lighting of the lamp. Some of the action songs were also presented by the children during Graduation Ceremony. The Report Cards and the Graduation Certificates were given away to the students by Dr. S. K. Sinha, Director and other school authorities as well as by some of the grandparents & parents. It was indeed overwhelming to see the little ones move on!

खटा-मीठा बचपन

बचपन है ऐसा खजाना
आता है न जो दोबारा
मुश्किल है इसको भूलाना
वो खेलना, कूदना और खाना
मौज़ मस्ती में बलखाना

श्रीमती निर्मला देवी साहू
(पी.आर.टी.)
आर.डी.एन.एल विद्या मंदिर

बचपन, एक ऐसा मधुर शब्द है जिसे सुनते ही लगता है मानों शहद की मिठी बूंद जुबान पर रख ली हो। जिसकी कोमल कच्ची यादें जब दिल में उमड़ती हैं, तो मुस्कान का लाल छींटा होंठों पर सज उठता है। बचपन अर्थात् पेड़ पर चढ़ने के बाद जो उतरने के लिए चिल्लाए। बचपन मतलब जो मिट्टी को सानकर लड्डू बनाए। कुल मिलाकर बचपन यानी शरारत, शैतानी और मस्ती की खिलखिलाती पाठशाला हो।

आज का बचपन इतना सुविधा युक्त और वैभवशाली है, कि उन खेलों से कोसों दूर है, जिन्हें खेलकर कपड़ों से गिल्ली मिट्टी की खुशबू आती थी, आज बचपन वीडियो गेम कंम्यूटर, मोबाइल, ऑनलाइन गेम्स के बीच व्यतीत हो रहा है। कभी-कभी तो ऐसा लगता है इसके बिना बच्चों का मानसिक विकास अधुरा रह जाएगा।

आज ऐसा लगता है कि हमारे नन्हें बालकों का बचपन खो रहा है क्योंकि आजकल अभिभावक चाहता है कि उसका बच्चा प्रत्येक स्पर्धा में अन्य बालकों से अक्ल रहे। इसलिए उन्हें शाम को खेलने की आज्ञा देने की बजाए ट्यूशन में व्यस्त करना, डांस कक्षा में भेजना या प्रतियोगी कक्षा में निरंतर व्यस्त रखना। क्या आपको ऐसा लहीं लगता कि, आज हमारे भावी नन्हें बालकों का बचपन मिट्टा न रहकर खट्टा होता जा रहा है।

मुझे पंडित नेहरू जी कि वे बातें याद आती हैं, जब उन्होंने बालकों से ये बातें कही थीं— हम अपनी इच्छा अनुसार बच्चों को नहीं कह सकते। हमें उन्हें उसी रूप में स्वीकारना और प्रेम करना होगा जिस रूप में भगवान ने उन्हें हमें दिया है।

मैं तो इतना कहूँगी कि बचपन आज भी भोला और भावुक ही होता है, लेकिन हम उन पर ऐसे-ऐसे तनाव और तबाव का बोझ डाल रहे हैं कि वे चिड़चिड़े होते जा रहे हैं।

उनकी खनकती-खिलखिलती किलकारियों बरकरार रहे इसके ईमानदार प्रयास हमें ही तो करने हैं।

ना कुछ पाने की आशा
ना कुछ खोने का डर,
बस अपने सपनों का घर
काश! मिल जाय फिर मुझे वो
बचपन के दिन

BRCM SKILL DEVELOPMENT TRAINING CENTRE, BAHAL

The following skill based training programs were in progress during the period 01 Jan 2019 to 31 March 2019, Details are as under :-
